

Skin Nutrition changes the stakes in anti-ageing skin care with the launch of Renovasyn™.

New York, February 2, 2009, Skin Nutrition is set to launch Renovasyn™, a product that contains multi-patented technologies that deliver active ingredients to maximize cell health in every layer of the skin, even stimulating skin stem cells that trigger new cell growth, at Cosmorprof Bologna, the largest cosmetics show in the world, April 3-6, 2009.
